July 11-29, 2022, PREPARE TO ENTER THE

Commit to addressing the challenging problems of our time.
Plug into a zone of deep, engaged and applied learning.
Step up your professional development in 2.0 virtual learning.

Registration for the Step Up Zone is now open! This series of tiered workshops features faculty experts who will inspire participants to Step Up their learning and engage with today’s most challenging problems.

分级
- **Tier 1** ($30/classroom hour), when offered, provides a foundational introduction to the topic.
- **Tier 2** ($45/classroom hour) offers an intermediate level of instruction on a topic with ample opportunity to discuss how the information fits within the participant’s own context.
- **Tier 3** ($60/classroom hour), when offered, is reserved for those who want to dig deep in discussing and thinking about difficult topics and how they relate to personal and systemic change.

For more information or to register, please visit the VirtualICL page on the CILMAR website or the HubICL’s Professional Development Zone.

- Tier 3: RTR, 7/21, 26, 28, 11:30am-2:30pm EDT, $540

It is our sincerest hope that the workshops’ tiered structure will promote cohort development and encourage participants to establish relationships. Learners may register for the lowest tier of a workshop without proceeding to the next level, but lower levels of a workshop are considered to be prerequisites for higher levels unless there is express approval from the organizers and faculty. Please send your request—including your rationale—to skip a prerequisite to cilmare@purdue.edu.
