The RAY event is an impactful high school student leadership conference to encourage and uplift the future Asian American community in Indiana. It features a dynamic agenda, including leadership workshops, guest speakers, networking opportunities, panel discussions and interactive activities. Students will be able to engage in interactive sessions to hone their leadership skills, hear from prominent Asian American leaders who will share their stories and insights and connect with fellow students, mentors, and community leaders to build lasting relationships.

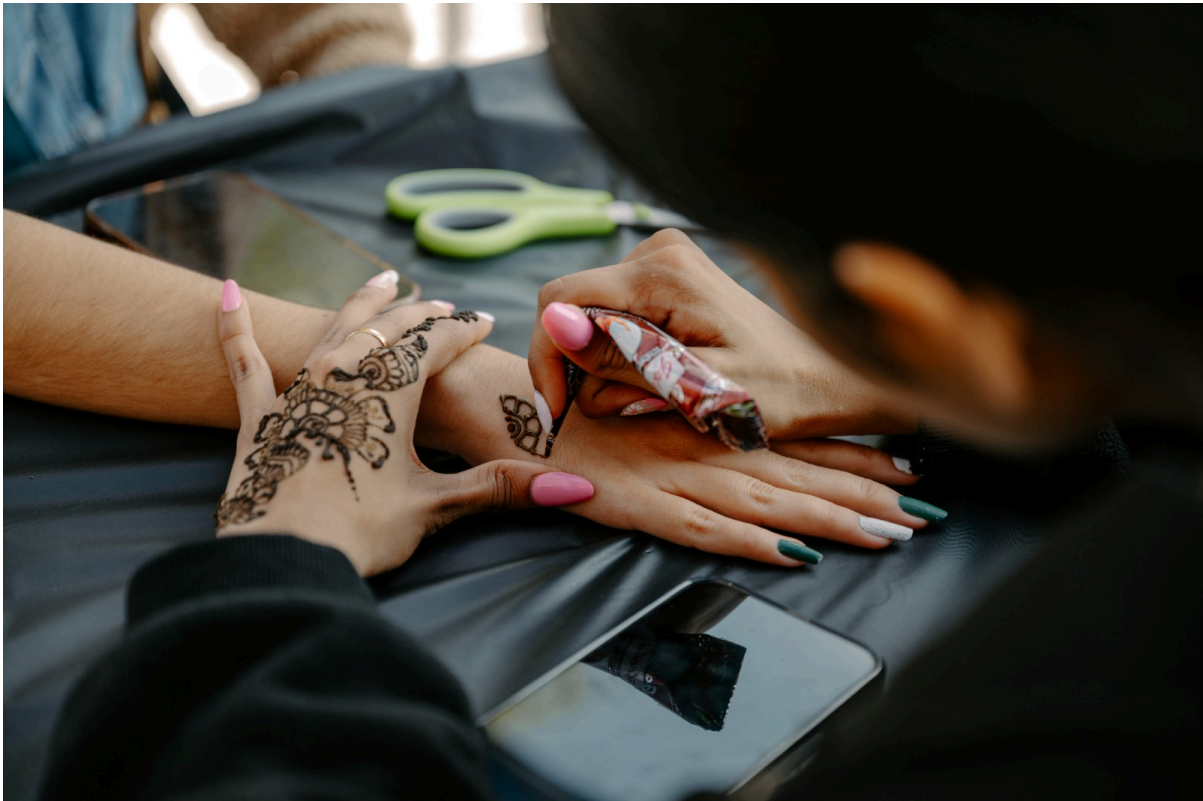

By attending, students will gain motivation and inspiration from successful Asian American leaders, develop essential skills for their academic and personal life, be part of a supportive community that celebrates and promotes Asian heritage and culture and discover their strengths to achieve their goals.

The Asian American Alliance Inc. is proud to invest in the development of future leaders that can help create positive change and a lasting impact on society.

## Week in Review

The AAARCC, NAECC, and LCC had a wonderful Express Fest Resource Fair on Wednesday, August 21, 2024. We would like to thank all campus partners, business partners, performers, volunteers, and attendees who made this a successful event!

One of the highlights of our work is partnering with student organizations, including Asian-interest student organizations, in weaving diverse Asian/American communities into Purdue's campus life. The AAARCC attended multiple student organization callouts last week and will continue doing so this week. Images above were from the Asian Student Union Board (ASUB) Back2School Bash and South Asian Fair events.
