

Amr Ebaid

From: Damanhur, Egypt

Studies: Computer Science

Why did you choose Purdue?

The decision came eventually to two main factors: the affordability to live and support my family in West Lafayette, and the large Egyptian and Muslim communities that proved helpful in many occasions.

What is your favorite fact about Purdue?

If you don't like the weather, just wait 10 minutes :).

Please briefly describe your research:

I am working on data cleaning; How to tackle data quality problems such as removing duplicates, resolving data violations to satisfy consistency constraints, and handling incomplete data or missing information.

Name one to three words that best describes your work?

Challenging and Significant.

Where do you spend most of your time on campus?

Lawson Computer Science Building.

If you have free time, how do you choose to spend it?

Watching a movie or playing video games.

Current mobile device/computer:

Nexus 6, Dell.

What apps, software, or tools can't you live without?

Google and Facebook.

What's your workspace setup like?

An L-Shape office, a desktop machine and two screens (one of which is vertically set up).

What's your best time-saving shortcut?

I always write down my to-do's, however trivial or small they might be. This helps me easily remember them and keep on schedule.

What's your favorite to-do list manager?

Google Reminders.

Besides your phone and computer, what gadget can't you live without?

None. I can do with these two just fine.

What do you listen to while you work?

I rarely listen to anything.

I'd love to see _____ answer these same questions.

Donald Trump.

What are you currently reading, or what is the last thing you read (aside from academic reading)?

An Arabic book about characteristics of tyranny.

What's your sleep routine like?

I sleep 8 hours daily from 12 to 6, then again from 7 to 9.

How do you recharge physically and/or mentally?

Play soccer or travel someplace new.

What's the best advice you've ever received?

My father has always told me that it doesn't matter what you do, or what people think about it, but you have to be unique and distinguished in it.

What is (are) your career goal(s)?

I would like to join Facebook as a software engineer.
