Subj: Recommendation for Distinguished Professorship

I am pleased to recommend that Dr. Yung Shin be appointed the Donald A. and Nancy G. Roach Distinguished Professor of Advanced Manufacturing. The Engineering Area Promotions Committee has voted on this case and have voted 12 to 4 in favor of this recommendation. A significant majority emphasized his strong record, impact, and external recognition while two negative vote comments suggest they would have liked to see more collaborative activities. A special committee has been formed consisting of Dr. Farshid Sadeghi (ME-chair), Dr. Jan-Anders Mansson (MSEE), Dr. Gintaras Reklaitis (ChE), Dr. Jan Allebach (ECE), and Dr. David Nolte (Physics) and unanimously endorse his candidacy for Distinguished Professorship. Dr. Shin's full vita, recommendation letters, abbreviated vita, and a description of the source of funds for the professorship are enclosed for your review.

This memo is to request your approval for Dr. Yung Shin be appointed the Donald A. and Nancy G. Roach Distinguished Professor of Advanced Manufacturing.

Approval Recommended:

Handwritten signature of Jay T. Akridge in black ink.

Jay T. Akridge, Provost and Executive
Vice President for Academic Affairs and Diversity

Approved:

Handwritten signature of Mitchell E. Daniels, Jr. in black ink.

Mitchell E. Daniels, Jr., President
