From: Thomas Keon, Chancellor

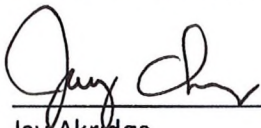

Re: Nomination of Dr. Chenn Zhou for the NIPSCO Distinguished Professor of Engineering Simulation

Please find the attached nomination of Dr. Chenn Zhou for consideration as the NIPSCO Distinguished Professor of Engineering Simulation. This recognition has been made possible by a generous endowment from NIPSCO to recognize exemplary work at Purdue Northwest in the area of engineering innovation, simulation, and visualization.

Dr. Zhou's nomination was endorsed by the faculty committee within the school by a vote of 5-0 in favor, and supported by the dean of the College of Engineering and Sciences. The nomination packet contains her complete curriculum vita, a condensed version of the vita, and 5 letters of support.

This nomination is forwarded with my full endorsement.
