

MEMORANDUM

TO: Jay Akridge, Provost

FROM: Gary Bertoline, Dean and Distinguished Professor 

DATE: April 14, 2020

RE: Named Professorship – W. C. Furnas

A faculty review committee consisting of the Polytechnic's named professors met under the direction of Dr. Carrie Berger, Associate Dean for Research, to review nominations for the W. C. Furnas Professorship in Enterprise Excellence.

The faculty review committee reviewed the attached materials and unanimously endorsed the nomination of Dr. Alejandra Magana for the W. C. Furnas Professorship. Dr. Magana is a very successful full professor in the Polytechnic and a scholarly leader in her respective area of expertise. She has strong letters of endorsement and is a leader in our college.

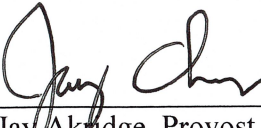

I fully endorse the recommendation from our review committee that Dr. Alejandra Magana become the W. C. Furnas named professor in the Polytechnic Institute.

Please let me know if you have any questions or need anything further.
