

April 22, 2020

Provost Akridge,

I strongly recommend Michael Campion, the Herman C. Krannert Professor of Management, for your consideration for the rank of Distinguished Professor.

Last year a subcommittee of our Named and Distinguished Professor Committee evaluated Professor Campion's credentials and nominated him for consideration. We sought external letters, and recently presented the case to the relevant School committees. The Krannert Area Committee voted 11-0 in favor. The Named and Distinguished Professor Committee voted 14-1 in favor. Attached to this letter you will find a summary of his accomplishments as well as his cv.

Professor Campion has published at a prolific rate, is widely cited, has made significant contributions both to scholarship and to practice, been honored with numerous awards and international distinctions. The rank of Distinguished Professor at Purdue would be a wholly appropriate honor.

Sincerely,

David Hummels
Dr. Samuel R. Allen Dean
Distinguished Professor of Economics

Approval Recommended:

Jay Akridge
Provost and Executive Vice President
for Academic Affairs and Diversity
