RE: 150th Anniversary Professor Appointment

The original program named ten 150th Anniversary Professors across 7 colleges, using an exhaustive nomination and review process. The current nomination for Dr. R. Mark French was made to replace one of that original cohort who retired (Christian Oseto and Suzanne Nielsen both retired. The College of Agriculture is carrying out their own process to replace one of these slots which will be completed later this fall.)

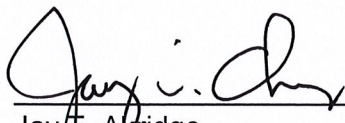

We solicited nominees from the colleges that did not have a 150th Anniversary Professor named in the first round, Management, Polytechnic Institute, and Pharmacy. We received nominations from Management and the Polytechnic Institute.

The nominations were reviewed by the remaining eight 150th Anniversary Professors, and by the past and current chairs of the Teaching Academy. They unanimously endorsed the nomination of Dr. R. Mark French for appointment as 150th Anniversary Professor of Engineering Technology.

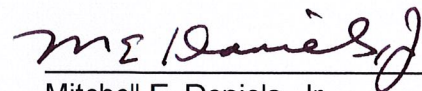

Thank you for your consideration.
