Subj: Recommendation for Named Professorship

I am pleased to recommend that Dr. Evgeniy Narimanov be named the Elmore Professor of Electrical and Computer Engineering. Dr. Narimanov's case has the full support of the Engineering Named Professorship Committee. Dr. Narimanov's full vita, recommendation letters, and abbreviated vita are enclosed for your review.

Professor Narimanov's field of research is in nanophotonics and nanoplasmonics. His work in optical imaging and metamaterials is characterized by amazing creativity and has resulted in entire new fields, including the concept of hyperbolic metamaterials.

Dr. Narimanov is a Fellow in both IEEE and OSA. He has received many honors including an NSF CAREER award in 2002 and the Arden L. Bement Jr. Award from Purdue in 2019.
