Miller Family Professor of Statistics and Computer Science

Date: September 15, 2023

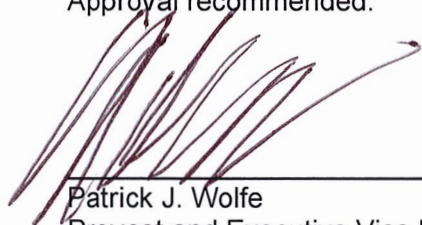

RE: Named Deanship

As you are aware, Dr. Lucy Flesch was named dean of the College of Science on September 1, 2023. Since this deanship is named, I am pleased to recommend that Dr. Flesch be appointed as the Frederick L. Hovde Dean of the College of Science. A copy of her signed offer letter and CV are attached.

Lucy brings a wealth of leadership experience to the dean position through her past roles as Senior Associate Dean of Faculty Affairs for the College of Science; Associate Head of the Earth Atmospheric and Planetary Science department; and as a member of the Board of Directors for UNAVCO, a non-profit membership-government consortium with a \$40M annual budget. She has done an excellent job leading the College of Science as Senior Associate Dean by leading efforts to hire the best faculty talent, ensure the success and recognition of the college's faculty, and meet the needs for enhanced facilities such as the renovation of the Data Science Building.

This memo is to request your approval for Dr. Lucy Flesch to be appointed the Frederick L. Hovde Dean of Science.

Approval recommended:

Patrick J. Wolfe
Provost and Executive Vice President
for Academic Affairs and Diversity
Miller Family Professor of Statistics and
Computer Science

Approved:

Mung Chiang
President
Roscoe H. George Distinguished Professor of
Electrical and Computer Engineering
