and Diversity

From: Lucy Flesch 

Date: November 1, 2023

Subject: Nomination of Dr. Herman Sintim for a Distinguished Professor in Chemistry

I forward to you the nomination of Dr. Herman Sintim for consideration as a Distinguished Professor in Chemistry. Dr. Sintim's nomination has been endorsed unanimously by the Department, the College of Science's Area Promotion Committee and a university committee of distinguished professors. A report from the university committee is attached, along with the Form 36, both a full vita and biosketch, summary materials for the Board of Trustees, and letters from external referees.

For the reasons cited above, and taking all due deliberations into consideration, I am delighted to endorse the nomination of Dr. Herman Sintim as a Distinguished Professor in Chemistry.

Recommended Approval:

Approved:

Patrick Wolfe
Provost and Executive Vice
President for Academic Affairs and Diversity
