Subject: Request for Named Professorship Title Change for Professor Luna Lu to the Indiana ACPA Professor in Concrete Paving and Materials Science

We are delighted to announce the establishment of the Indiana-ACPA Professorship in Civil Engineering, thanks to the generous contribution of the members of the Indiana Chapter of the American Concrete Pavement Association.

After careful consideration of qualifications and expertise, Professor Luna Lu has emerged as the outstanding candidate for this esteemed position. It is important to acknowledge that Professor Lu currently holds the Reilly Professorship. We propose a transition from the Reilly Professorship to the newly established Indiana ACPA Professor in Concrete Paving and Materials Science in the Lyles School of Civil and Construction Engineering.
