Continue Operating if Federal Government Shuts Down **Thursday September 25, 2025**

Subcontractors:

Sandia is closely monitoring the federal budget process. As of today, Thursday, Sept. 25, Congress has not reached agreement on federal funding. Without an agreement, a federal government shutdown could begin next Wednesday, Oct. 1, at 12:01 a.m. MDT.

In the event of a federal shutdown, all subcontractors should continue to work to the terms of their subcontract, unless notified otherwise by their Subcontracting Professional.

We will keep you posted on any developments. Contact your Sandia Delegated Representative with questions.

Krista Smith
Director
Supply Chain

**Sandia
National
Laboratories**

Sandia National Laboratories is a multi-mission laboratory managed and operated by National Technology and Engineering Solutions of Sandia LLC, a wholly owned subsidiary of Honeywell International Inc. for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-NA0003525.
