

WINTER 2025

THE TWO HUNDRED FIFTY SEVENTH

COMMENCEMENT OF

PURDUE UNIVERSITY

Edward C. Elliott Hall of Music | West Lafayette, Indiana

THE PURDUE HYMN

Close by the Wabash, in famed Hoosier land,
Stands old Purdue serene and grand;
Cherished in memory, by all her sons and daughters true;
Fair Alma Mater, All Hail, Purdue,
Fairest in all the land, our own Purdue.
Fairest in all the land, our own Purdue.

HAIL PURDUE

To your call once more we rally,
Alma Mater, hear our praise;
Where the Wabash spreads its valley,
Filled with joy our voices raise.
From the skies in swelling echoes,
Come the cheers that tell the tale,
Of your vict'ries and your heroes,
Hail Purdue! We sing All Hail!

CHORUS

Hail, Hail to old Purdue!
All Hail to our old gold and black!
Hail, Hail to old Purdue!
Our friendship may she never lack.
Ever grateful, ever true,
Thus we raise our song anew,
Of the days we've spent with you,
All Hail our own Purdue.

THE WINTER 2025 COMMENCEMENT:

PURDUE'S 257TH COMMENCEMENT

A PERSPECTIVE

The academic heritage that evolved during the Middle Ages provided us with a teaching institution, the university; a method of measuring academic progress, degrees; and a structure for an appropriate ceremony recognizing the student's achievement, commencement. In June 1875, Purdue University held its first commencement outdoors on the Oval, awarding the Bachelor of Science degree to a class of one. In 1903, commencement was moved indoors to the newly-completed Eliza Fowler Hall. The steady growth of the size of the graduating class necessitated moving the exercises to larger and larger facilities: the Memorial Gymnasium, the Armory, the Field House, and in 1940, to the Edward C. Elliott Hall of Music. In December of 1942, the first winter commencement was added with the first summer commencement added in August 1943. The commencement at the West Lafayette campus is being held today for graduates who qualified for their degrees at the end of the current semester. The colorful ceremony, enacted each year on campuses throughout the world, is the formal climax and recognition of the graduates' years of study and preparation. In 2025, across Spring, Summer and Winter Commencements, about 13,000 will graduate with their undergraduate, graduate or professional degrees from West Lafayette and Indianapolis.

The President of the United States has commissioned the following graduates as Ensigns.

UNITED STATES NAVY

Andrew Cook	Emily Gervais	Ty Slack	Kate Wierzbinski
-------------	---------------	----------	------------------

*Designated as a Distinguished Military Graduate

The designation of "Distinguished Military Graduate" indicates selected individuals who have demonstrated a particularly high level of achievement while earning both an academic degree and a commission in the Armed Forces of the United States. Criteria used in making the selection include demonstrated performance and leadership in course work as well as in athletics and extracurricular functions. The candidate must also maintain at least a "B" average in all course work while ranking in the upper third of his or her contemporaries for the Army or Navy, or the upper tenth for the Air Force. Commissionees so designated receive an appropriately inscribed certificate from their respective service.

PURDUE STUDENT ATHLETES

Graduates wearing the student athlete medallion are recognized for their hard work and dedication in balancing their academic and athletic commitments.

The following students, in addition to being candidates for a degree, are also candidates for special recognition.

Reagan Bass	Juana Larranaga	Emily Rastovski
Joshua Burney	Jack McCallister	Ana Rojas
Jamarius Dinkins	Lindsey Miller	Katherine Stanley
Carter Doorn	Devin Mockabee	Joseph Tanona
Christian Earls	Christian Moore	Angelina Thoreson
Madeline Greaves	Dustin Norris	Richard Toney
Yu Hsiao	Jason Polydoris	Nathan Walker
		TaDarrius Williams

This program is not an official graduation list.

While every effort is made to ensure accuracy in this commencement program, printing deadlines sometimes prevent inclusions of graduates' names, or may result in the use of names of persons not completing graduation requirements. This printed program, therefore, should not be used to determine a student's academic or degree status. The University's official registry for conferral of degrees is the student's permanent academic record, kept by the Office of the Registrar, Stewart Center Room 176, West Lafayette, IN 47907.

FIRST DIVISION

STUDENT RESPONDER

Amy Song
College of Science

Amy Song of Richmond, Indiana, is graduating with a Bachelor of Science in computer science with a focus in software engineering.

Amy was a member of the John Martinson Honors College. She served as a GroupX instructor for Purdue Recreation & Wellness, where she led weekly group cycling classes.

Over the past two summers, Amy served as an intern on the data intelligence team at Samsung Austin Semiconductor in Austin, Texas. Her work focused on developing automation tools and full-stack applications to optimize internal engineering processes. In addition to her technical work, she helped stock and organize donations at a local food pantry through Samsung's volunteer program.

Amy hopes to continue growing in the field of software engineering, building on her experience in automation and data intelligence. After graduation, she will join Samsung Austin Semiconductor as an engineer.

SECOND DIVISION

STUDENT RESPONDER

Brysen King
College of Engineering

Brysen King of Cincinnati, Ohio, is graduating with a Bachelor of Science in Aeronautical and Astronautical Engineering.

Brysen was a member of Purdue's Air Force ROTC Detachment 220. He also served as an undergraduate research assistant with professor Joseph S. Jewell in the Purdue Applied Research Institute Hypersonics Lab. His work was associated with the HyPulse reflected shock/expansion tunnel, which performs flight simulations at speeds ranging from Mach 5 to as high as Mach 40.

Brysen completed multiple U.S. government internships specializing in space systems. He is also a graduate of the U.S. Air Force Academy free-fall solo jump course and a certified physical trainer and group instructor through the National Academy of Sports Medicine.

After graduation, Brysen will continue research in the hypersonic field while pursuing a master's in aeronautical engineering at Purdue. Upon completing his master's, he will serve as a pilot in the U.S. Air Force.

THIRD DIVISION

STUDENT RESPONDER

Yonas Singh

College of Health and Human Sciences

Yonas Singh of Carmel, Indiana, is graduating with a Bachelor of Science in psychological sciences.

Yonas served as president of the German Culture Club. He also served as a volunteer for the Purdue Oral English Proficiency Program and was a member of the National Alliance on Mental Illness.

Yonas served as a research technician in a neuropsychology alcohol studies lab under David Kareken, professor of neurology and clinical psychology in the Indiana University School of Medicine, through the IU School of Medicine's Pre-Medical Scientist Training Program. His research focused on how functional brain network connectivity varied between demographic groups in relation to factors such as family drinking history. He also served as a volunteer at IU Health North Hospital in Carmel and at an internal medicine clinic in Ratingen, Germany.

After graduation, Yonas will be attending the IU School of Medicine in Indianapolis to pursue a Doctor of Medicine degree.

GUEST SPEAKER

Sirisha Bandla

Aerospace Pioneer

Sirisha Bandla is a Purdue alumna and aerospace pioneer who made history as a member of Virgin Galactic's first fully crewed spaceflight.

She most recently served as vice president of government affairs and research operations at Virgin Galactic, leading the company's government strategy and expanding research capabilities for its SpaceShip class of vehicles. In 2021, Bandla flew as a member of the Unity 22 mission, conducting space-based research during the company's landmark flight.

Before joining Virgin Galactic, she served as associate director for the Commercial Spaceflight Federation and was an aerospace engineer at L-3 Communications Inc.

A passionate advocate for science and technology development, she currently serves as vice chair of the Future Space Leaders Foundation's board of directors and has shared her expertise through roles with the Brooke Owens Fellowship program, the Planetary Society's advisory council and the Purdue Engineering Advisory Council.

Bandla earned a BS in aeronautical and astronautical engineering from Purdue in 2011 and an MBA from George Washington University in 2015.

THE JOHN MARTINSON HONORS COLLEGE

The Purdue Honors College provides an interdisciplinary environment for undergraduate students from across all areas of study. Graduates of the Honors College are recognized with a medallion worn at graduation ceremonies, an honors designation on their diploma, and notation on their academic record. Students complete an honors enriched curriculum and conduct a scholarly research project. Honors College graduates are noted in the commencement program by the + beside their name. The torch is the official symbol of the Honors College, reflecting the intent to ignite students' imaginations.

The Purdue Honors College was established in 2013 with pathways to honors across majors. The Honors College was built on a rich legacy of honors programs at the college and departmental levels. Recognition of students completing honors at the departmental level are recognized via a certificate and notation.

The following students in addition to being candidates for a bachelor's degree, are also candidates for special recognition for the satisfactory completion of the requirements in the Purdue Honors College.

DISTINCTION AND HIGHEST DISTINCTION

PROFESSIONAL AND UNDERGRADUATE DEGREES

The outstanding scholastic achievement of selected professional and undergraduate degree recipients is recognized by awarding the degree "with distinction" or "with highest distinction."

To be eligible for consideration, a graduate must have a minimum of 65 credit hours included in the graduation index for the professional or baccalaureate degree and 35 credit hours included in the graduation index for the associate degree, with a minimum graduation index of 3.30. The upper 10 percent of the graduates in each of the colleges or schools receive degrees "with distinction." Of the graduates who thus qualify, the upper three-tenths of the professional, baccalaureate and associate graduates receive their degrees "with highest distinction," regardless of the college or school from which they graduate.

The minimum graduation indexes thus determined in May for each college or school are applied for graduation "with distinction" and "with highest distinction" for the subsequent sessions. Recognition is evidenced by placing an appropriate seal on the diploma and entering an appropriate notation on the academic record. Graduates who are potential candidates for degrees "with distinction" wear gold honor cords; those who are potential candidates for degrees "with highest distinction" wear gold and black honor cords.
