

## ME-200 Final Exam Logistics Spring 2023

1. Final exam is from 1 to 3 p.m. EDT on Friday, May 5. Final exam is closed-book and closed-notes. You must go to the correct exam location to get credit.

Divisions 1 and 5: CL-1950 Room 224 (Naik and Choi)

Division 2: WTHR-104 (Jackson)

Divisions 3 and 4: WTHR-200 (Kircher and Braun)

2. **Preparation** (Before the exam)

- a. Study all topics for the exam covering Lectures 1 to 41 and HW-1 to HW-40. Additional practice problems and one practice exam have been posted on your Brightspace site or your course site.
- b. There will be four problems on the exam: one involving concept questions, one involving short calculations, and two in-depth problems similar to homework problems.
- c. You will need to bring your calculator, pencils, and eraser. **Any model of the following series of calculators, TI-30X or TI-36X or Casio-FX-115 or Casio-FX-991, is permitted on the exam. Instructors do not provide calculators.**
- d. Equation sheet and any required property tables will be provided with the exam.

3. **Distribution** (Just before starting the exam)

- a. You should occupy alternate seats at the exam location. There is no assigned seating. Exams will be distributed by 12:55 p.m. EDT to ensure that the exam starts promptly at the start time.
- b. The use of any source(s) of communication is strictly prohibited during the exam. **You must turn off your communication device(s) before the start of the exam** and activate them only after you leave the exam location after submitting the exam. Otherwise it will be considered academic dishonesty and treated as per course policy.

4. **Proctoring and Completion** (During the exam)

- a. You will be proctored by instructor(s) and teaching assistant(s).
- b. If you have any question(s) during the exam, please raise your hand and instructor(s) will come to you to provide clarification, if any.
- c. **You must show all work to receive credit for your answers.** Please write clearly and legibly for your own benefit.
- d. **You should not write on the back of any page** because it will not be scanned and will not be graded.
- e. **Please do not remove staples.** If you use extra sheet(s), then attach them at the end of the exam with a paper clip and indicate the number of extra sheet(s) on the cover page.
- f. If you think you need to interpolate in a property table, **do not interpolate in the property table and use the closest value.**
- g. You must stop writing immediately when the completion of exam duration is announced. If you keep writing beyond such time, you will be penalized. You must not talk to other students until you submit the exam to the instructor.
