Features in BoilerConnect Student

- **Appointments**: schedule appointments, drop-ins, and respond to appointment campaigns
- **Class Schedule**: view your class schedule for the semester
- **Smart Plan**: external link which takes you to Smart Plan for academic planning
- **Add/Drop Calendar**: external link which takes you to the Registrar's Office's calendar for add/drop deadlines
- **Holds**: view any existing holds on your student account preventing registration or other university processes
- **Checklist**: view a checklist of to-do items (university or self-created items), events, Journey steps, and survey deadlines. You will be notified of upcoming, occurring, and overdue dates corresponding to Checklist items
- **Resources**: view a collection of Purdue resources, including offices and services, that serve students on the West Lafayette, Indianapolis, Online, and Polytechnic Statewide campuses. Each resource's location and contact information is listed, as well as which campuses they serve
- **My Docs**: view Appointment Summaries (submitted by advisors/staff/peer staff), Notes (submitted by advisors/staff), Progress Reports (submitted by professors), and Hand Raises (submitted by self, see below)
- **Journeys**: pre-designed modules that outline specific steps in a process or experience. For Fall 2025, Journeys are targeted towards Purdue in Indianapolis students
- **Hand Raise**: a way to submit an alert to ask for help on selected topics, such as "I want to CODO" or "I need help with a class absence." Submission will lead to follow-up support, whether it is an email with information or specific staff outreach
- **Study Buddies**: connect with other peers in your current class(es) and form study groups
- **Surveys**: complete surveys during various points in the year. When students log into BoilerConnect Student for the first time, they will complete an initial survey to identify their needs and connect them to resources
- **Job Simulations**: also known as "Forage," this is an outside resource championed by Purdue to provide job simulations to help students understand what work is like at different companies and in different roles
- **Purdue Events Calendar**: external link which takes you to Purdue's events calendar
