GETTING STARTED

Setting up your account

- **Sign in here!** (You must use this link to create your free account. **Setup MUST occur on a computer!**)
- Follow the steps to set up things like your timezone, semester timeframe (when does the semester start and end?), holidays, and more!
- In Courses, click on the Brightspace icon to connect your Brightspace information into your schedule - follow the directions for detailed steps
- Add activities (what regular activities will you be doing this term? You can always adjust this later on.)
- Enjoy your new way to schedule your semester!

Timezone

Enter your school's timezone to make sure your assignments are due at the right time.

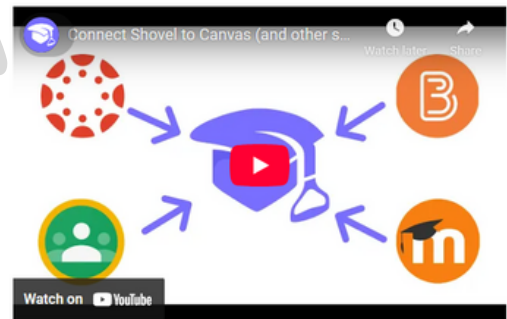

If you're studying from home this term, set this to your Home Timezone but make sure you adjust your deadlines.
